

FD150 terminal

Simple, affordable card acceptance

The FD150 combines performance, reliability and ease of use in a compact, feature-rich device. This speedy terminal is ideal for businesses with limited counter space that prefer a no-frills, all-in-one device that can efficiently accept all major card types.

Accept a wide variety of payment types, including credit and debit cards (swipe and EMV® chip), contactless payments, EBT and gift cards.

Enjoy fast and easy setup with on-screen prompts that help you begin accepting payments shortly after delivery.

Connect via Wi-Fi®, Ethernet and dial-up, depending on your needs.

Built-in receipt printer means there is no need to purchase extra printing equipment.

U.S.-based 24/7 customer service is great for small business owners who work nights, weekends and holidays.

Access funds as soon as the next business day with a business checking account from Bank of America.¹

TransArmor® Data Protection uses encryption and tokenization to help protect your business from the impact of a data breach.²

Optional customer-facing PIN pad, the FD150 can be used alone or with the space-saving RP10 external PIN pad for a convenient check-out process.
